June 2015 website report for the AL233FL.org website

May and June web activities resulted in more than 6,806 individual visitors who viewed more than 15,069 pages of information. The most visited pages were the May and June newsletters, the e-calendar page and the meeting minutes pages.

We are currently at 733.53 MB capacity of the 300 GB allotted.

Our Post Facebook page is doing well. We currently have 446 followers signed up with our group, up 125 from my last report in April. Keep in mind that members of the group can receive notification when a notice or event is posted on Facebook. This social media tool is very important in keeping not only our members but also our guests advised of what's happening at 233. So to those members with a Facebook account, invite your friends to visit our group online and become a following member.

During the months of May and June I logged a total of 85 hours of volunteer computer time.
